

## **Nuclear Safety Policies**

**We never forget the TEPCO Fukushima Daiichi accident.**

**We define our Nuclear Safety Policies seriously keeping in mind that there is no end to our effort seeking for nuclear safety.**

**Policy 1: We declare Safety 1<sup>st</sup> is our 'credo' that defines how we should behave.**

**Policy 2: We commit ourselves to improve operational and nuclear safety standards through tireless and continuous efforts to ensure 'Personal', 'Product' and 'Facility' safety.**

**Policy 3: We always make our best effort to be accepted and highly appreciated by the society, not only to be regarded as a company that complies with laws and regulations.**

北川 健一

**President and CEO**

**April 1, 2017**

## **Nuclear Safety Culture Development Policies**

**We will never forget the TEPCO Fukushima Daiichi accident.**

**We define our Nuclear Safety Culture Development Policies seriously keeping in mind that Safety 1<sup>st</sup> is our 'credo'.**

**Policy 1: We commit ourselves to fulfill our role and responsibility.**

**Policy 2: We express our ideas without hesitation in any case when we find safety concern.**

**Policy 3: We always make our best effort to develop mutually trustful and vigorously active organization.**

北川 健一

**President and CEO**
